Le petit jardiner

Voici mon petit jardin !
(montrer la paume de sa main)

J'y ai semé des graines.
(tapoter la paume du bout des doigts de l'autre main)

Je les recouvre de terre noire.
(fermer la main)

Voici la bonne et douce pluie !
(tapoter la dos de la main fermée avec les doigts de l'autre main)

Le soleil brille dans le ciel !
(faire un large geste de la main libre)

Et voici une, deux, trois, quatre, cinq petites fleurs...

(déplier les doigts l'un après l'autre)

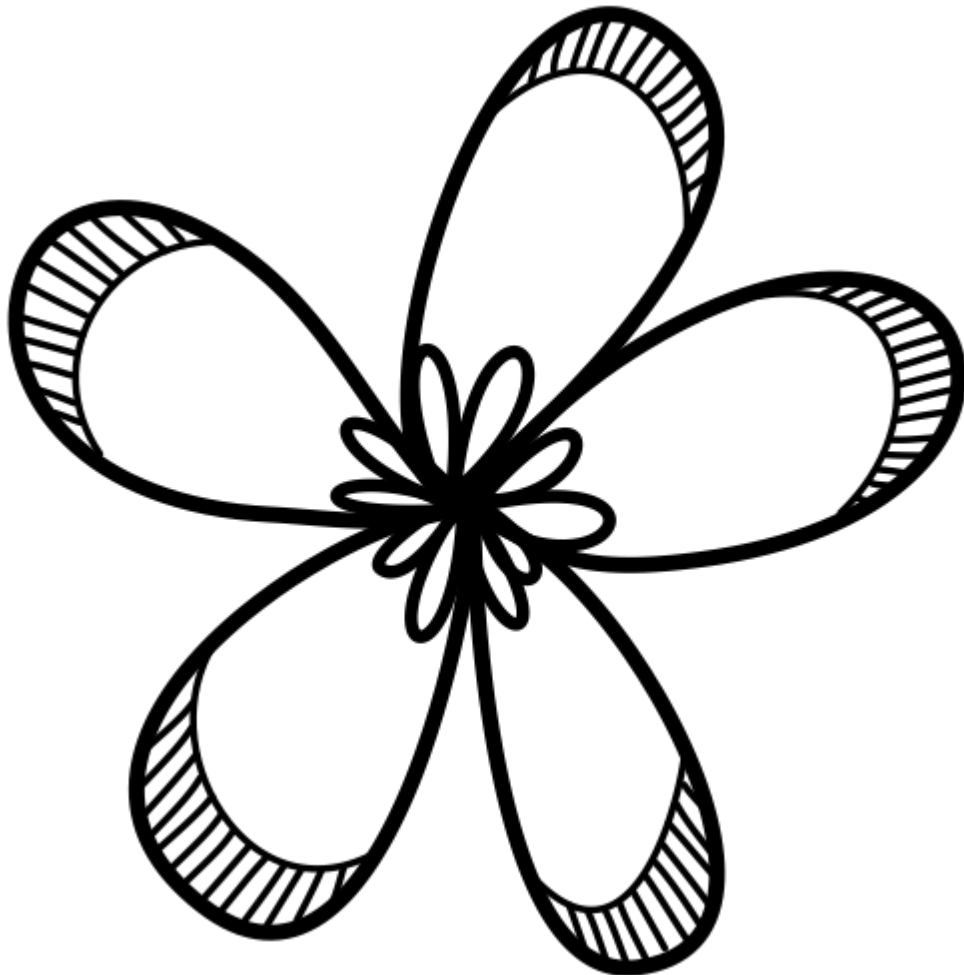

Le printemps

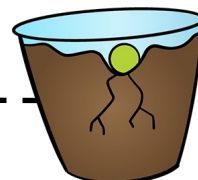

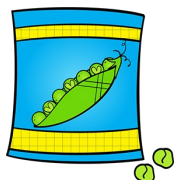

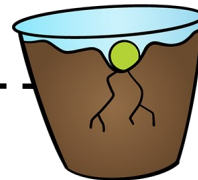

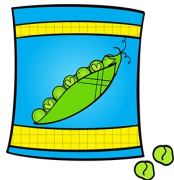

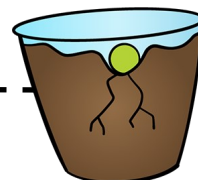

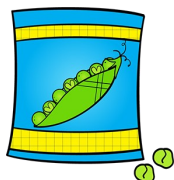

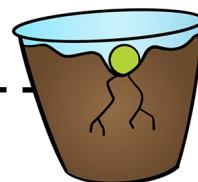

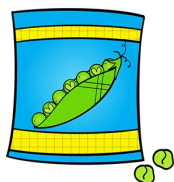

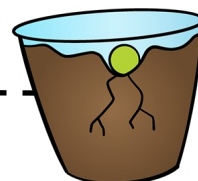

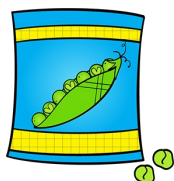

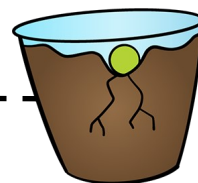

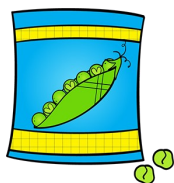

Le printemps est arrivé
Comme un papillon léger
Il a décoré les fleurs
De ravissantes couleurs
C'est la chanson du printemps
Passe passera le temps
C'est la chanson du printemps
Qui est le cœur content

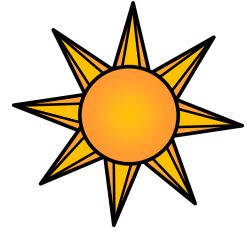

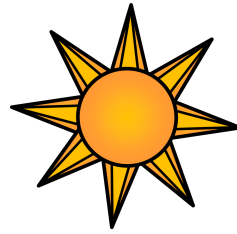

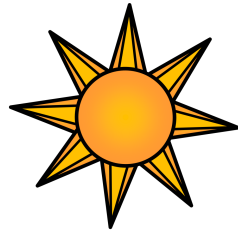

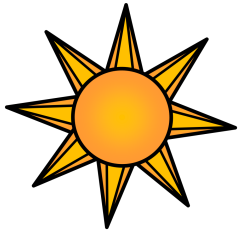

STEAM COMMENT LES FLEURS BOIVENT

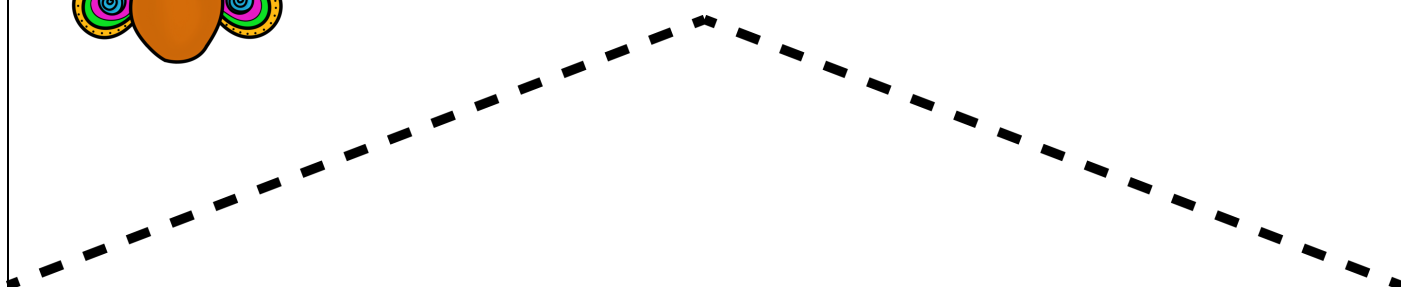

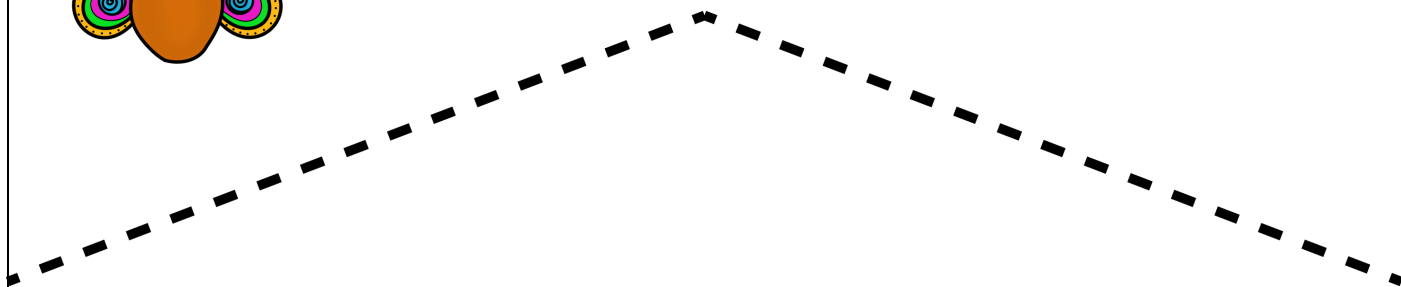

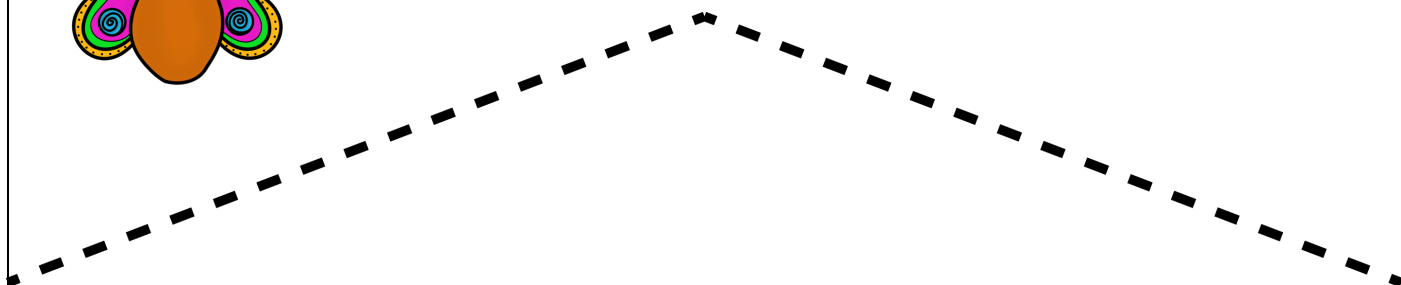

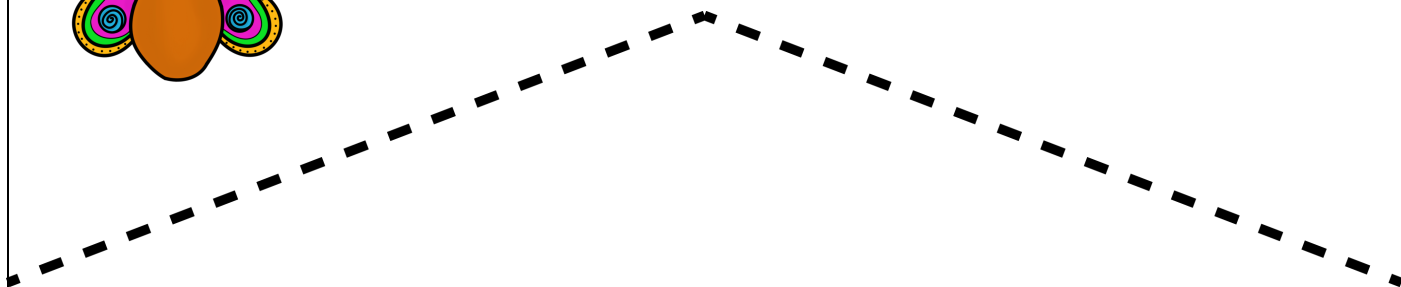

Il vous faut 3 fleurs blanches et quatre verres d'eau avec trois colorant alimentaires. Vous colorez chaque verre d'eau d'une couleur différente puis vous mettez les fleurs dans les verre. Une de ses fleurs vous coupez la tige en deux afin de pouvoir mettre une demi tige dans un verre et l'autre demi tige dans un autre verre. Demandez à l'enfant se qu'il croit va arriver.

CYCLE DE VIE D'UNE FLEUR

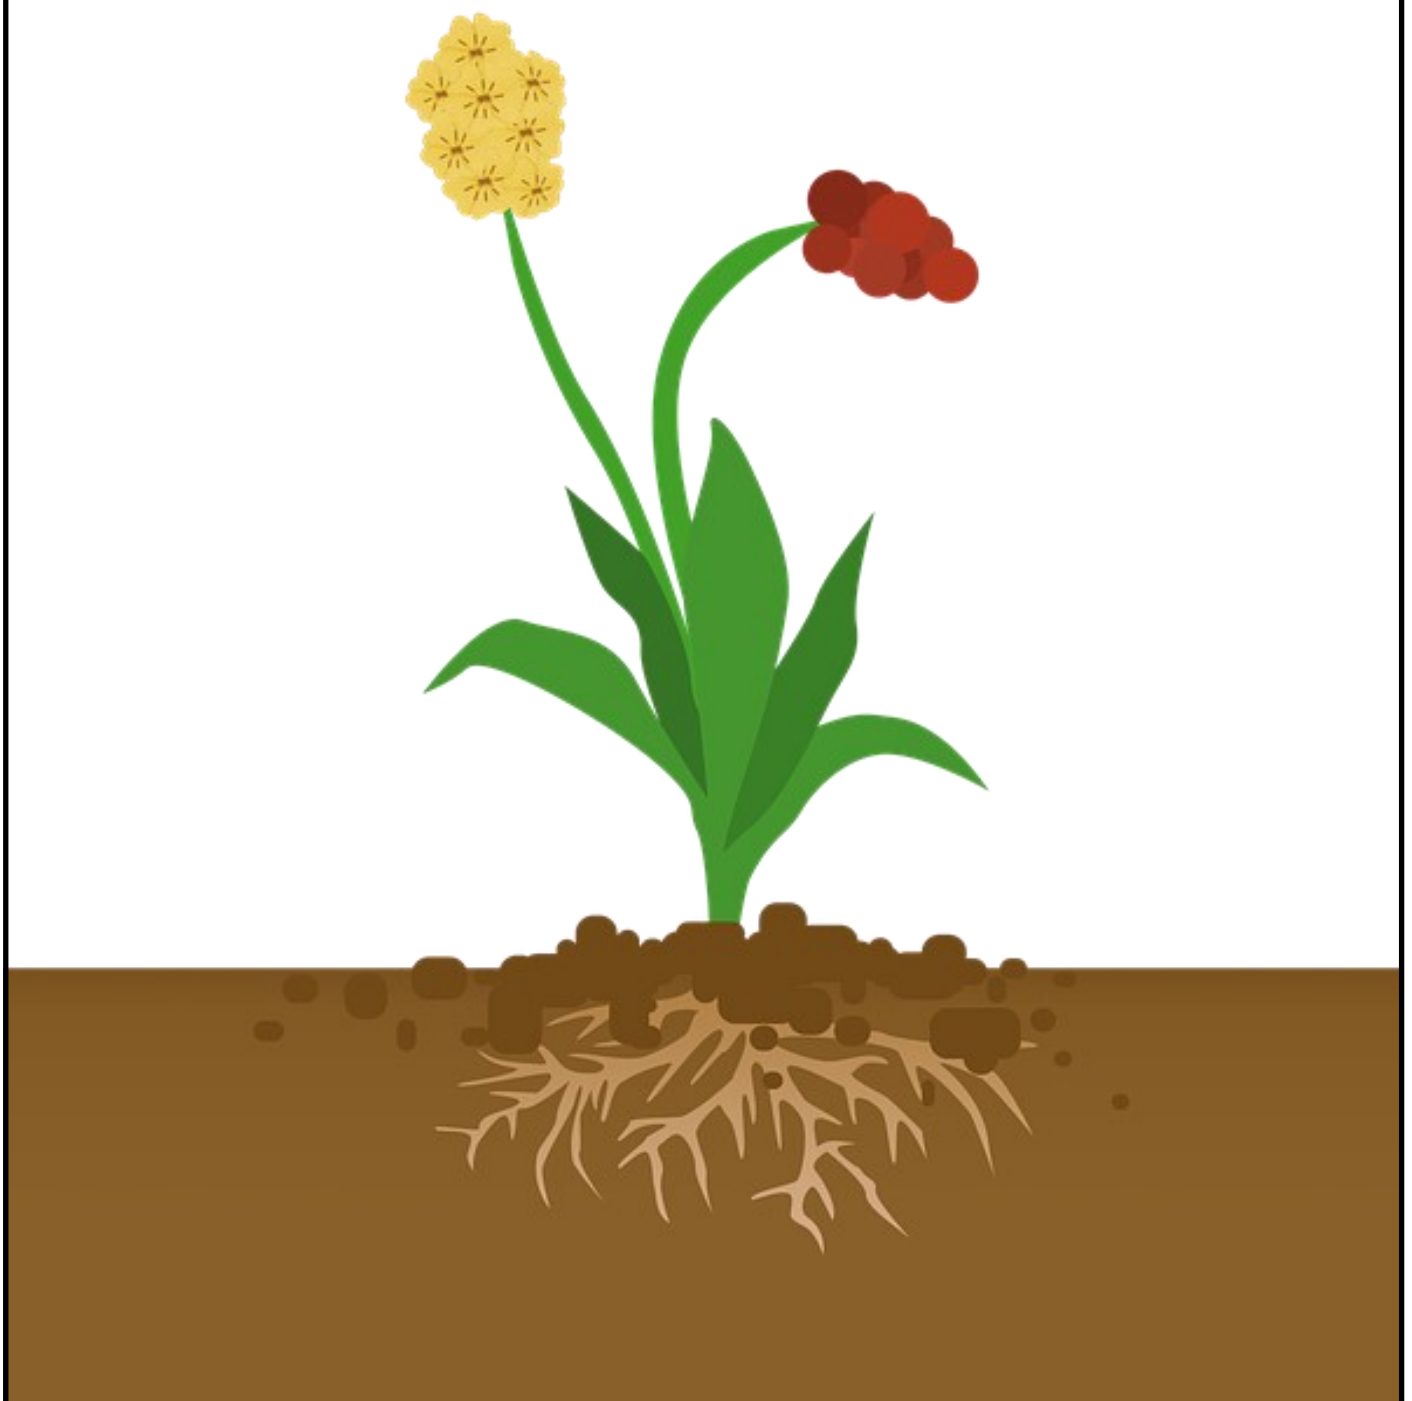

A circular diagram illustrating the life cycle of a sunflower. The cycle includes stages: seed, seedling, young plant, mature plant, and seedling again. The stages are connected by a circular arrow, showing the progression of the plant's growth and reproduction. The stages are: 1. Seed: A dark, oval-shaped seed with a light-colored scar. 2. Seedling: A small green plant with two leaves and a thin stem, growing out of a mound of brown soil. 3. Young plant: A slightly taller green plant with several leaves and a small flower bud at the top. 4. Mature plant: A tall green plant with many leaves and a large, fully open yellow flower with a brown center. 5. Seedling again: A small green plant with two leaves and a thin stem, growing out of a mound of brown soil, completing the cycle. The entire cycle is enclosed in a circular arrow pointing clockwise.

MOMENT DUPLO

Cette semaine on va construire une fleur. Cela permet de se repérer dans l'espace, parler des formes, des couleurs, compter et parler des fleurs bien évidemment!
